

# Resources to Advance Community-Based Participatory Research

Available through Community-Campus Partnerships for Health at <http://ccph.info>

**Community-Based Participatory Research (CBPR) Webpage:** Resources on the site include principles, policies, reports, presentations and curricula; opportunities for funding, training and technical assistance; links to related organizations and initiatives; and more! <https://ccph.memberclicks.net/participatory-research>

**Developing & Sustaining CBPR Partnerships: A Skill-Building Curriculum:** This evidence-based curriculum is a tool for partnerships that are using or planning to use a CBPR approach to improve health. Each unit includes learning objectives, in-depth content, examples & interactive exercises, and citations & suggested resources. Visit the curriculum today at <http://www.cbprcurriculum.info>

**Community Network for Research Equity and Impact (CNREI):** CNREI aims to ensure that communities have a significant voice in decisions about research practice and policy, are true partners in research, and fully benefit from the knowledge gained through research. Learn more and read the CNREI Agenda for Action here: <https://ccph.memberclicks.net/network-for-research-equity>

**CBPR Discussion Group:** This listserv provides a venue for sharing CBPR announcements (e.g., about conferences, funding, positions, publications), resources, queries and comments. Sign up today at: <https://mailman13.u.washington.edu/mailman/listinfo/cbpr>

**CCPH Consultancy Network:** Looking for a CBPR expert to give a presentation, lead a workshop, conduct an evaluation or provide phone or on-site consultation? The CCPH Consultancy Network is here to help! Learn more at <https://ccph.memberclicks.net/consultancy-network>
